Bicycle Insurance/Registration

It is strongly recommended that you get the Traffic Safety (TS) Mark bicycle insurance. TS Mark insurance covers:

- 1) Liability (harm or damage to another person or property)
- 2) Accidents (harm or damage to yourself or your property)

To get a TS Mark sticker, have your bicycle checked for safety at a bicycle shop. Don't forget to have it checked every year.

Cost: ¥2000-¥3000 (TS Mark insurance is included.)

In Japan bicycles are registered in your name when you buy one. If someone gives you a bicycle you should have the registration changed to your name or the previous owner should give you the registration document and a note saying you can use it. Otherwise, if you are stopped by the police they will think it is a stolen bicycle.

Basic bicycle rules are shown in this video:
